

3 - feelings of dread

VERSE 1

Em
 in the back trunk is packed
 C
 records amps and my wheels of steel
 Em C
 rolling in my new funky mobile
 Dm C F G
 grab my girl and hit the cottage all day

Em
 suddenly a spit and sputter
 C
 even with million quid in the bank
 Em C
 middle of nowhere on an empty tank
 Dm F Am G
 this day has gone sideways

CHORUS x2:

Bb
 feelings of dread
 it hurts my head
 F
 felt
 better off dead
 Bb
 here I am singing
 about
 F (Am on last run)
 it instead

VERSE 2:

last pack of ramen eaten raw
 no power to turn stove on
 every last drop is gone
 hope to lay down and get some peace

suddenly knock on the door
 rent cheque bounced back
 landlord is having a heart attack
 no sleep while im hugging my knees

CHORUS x2

BRIDGE (ride the Em):

(Rhymes by ProfSE)

It's like
 everytime i turn around,
 somethings tryna bring me down
 it's enough to tempt me to be resting 6 ft
 underground

but i keep holding out
 no i won't take the quick way out
 no doubt Lady Luck gives a fuck about me
 some kind of tough love test
 without me
 knowing it
 with nothing to show for the moment
 so i take my head and i hold it
 with both hands
 here's hoping all these dreadful thoughts
 i focus with
 give me the strength to go and cope with it
 otherwise it's hopeless

VERSE 3:

nature calls at all the wrong time
 walk in a park when it rumbles below
 hurry to find a public throne
 some place to get some relief

suddenly a desperate grasp
 frantically reaching underneath
 feeling stuck on this seat
 cant find a single square sheet

CHORUS
